— Soil Application Only —

Product Description

GreenSun® 90 is a degradable sulfur product in a pastille form that can be used both as a source of plant nutrient sulfur and/or as a soil amendment for correction of problem alkali soils. Yearly applications of GreenSun® 90 will improve soil sulfur levels as well as replenish sulfur loss associated with soluble plant nutrients. GreenSun® 90 is recommended for all crops, as sulfur is required by plants to build proteins, amino acids (cysteine, methionine), enzymes (coenzyme A), vitamins (thiamine, biotin), which are all essential in driving metabolic reactions.

Guaranteed Analysis

Sulfur (S)..... 90.0%

Plant nutrients derived from elemental sulfur.

Physical Properties

Density	76 lbs/ft ³
Granule size	SGN 260
Total elemental sulfur (S)	0.90 lbs.
Angle of repose	29 degrees

Available in 50 lb. bags, 2000 pound super sacks, and bulk quantities.

General Application and Use Recommendations

GreenSun® 90 provides agronomic and economic benefits in an easy to use granular form. It can be blended with other granular fertilizers or applied alone. Proper timing, rate, and placement is important for desired results and highly dependent on stage of crop growth, soil fertility levels, and environmental conditions. If GreenSun® 90 is not applied on a regular basis, or if soil sulfur levels are reported as deficient, then a soluble source of sulfur should be applied in conjunction with this product. Application rates vary from 5 to 50 lbs/acre as determined by crop and soil test levels.

Handling and Storage

GreenSun® 90 should be stored and blended (if applicable) in a well-ventilated location to minimize accumulation of dust. Always use stringent dust control procedures to prevent a concentration of flammable dust from reaching a spark or flame source. GreenSun® 90 should not be blended or stored with strong oxidizing agents. Avoid the use of augers due to fracturing of the material. Avoid inhalation of dust if possible. Avoid contact with skin and eyes. Wear proper protective equipment when handling. Dispose of used bags in accordance with local, state, and federal regulations. Keep out of reach of children.

WARNING: This product contains substances known to the State of California to cause cancer, birth defects, or other reproductive harm.
